INFORMATION CIRCULAR

(As at May 24, 2016 except as indicated)

The Company is providing this Information Circular in connection with the solicitation of proxies by the management ("Management") of the Company for use at the annual general meeting (the "Meeting") of the shareholders of the Company to be held at 10:00 a.m. (PDT) on July 7, 2016 and for the purposes set forth in the Notice of Annual General Meeting. It is expected that the solicitation of proxies will be primarily by mail or by "Notice and Access" to electronic materials available on the internet; however, proxies may also be solicited by directors, officers and certain employees of the Company, without receiving special compensation, by telephone, facsimile ("fax") or by other personal contact. The cost of solicitation of proxies by Management will be borne by the Company.

The Company may pay the reasonable costs incurred by persons who are shareholders but not the beneficial owners of common shares of the Company ("Shares") (such as brokers, dealers and other registrants under applicable securities law and nominees and custodians) in sending or delivering copies of the Notice of Meeting, the Management Information Circular, the form of proxy (the "Proxy") and/or the voting instruction form (the "VIF") to the beneficial owners. However any such payments must be pre-approved by the Company. The Company will furnish to such persons, upon request to the Secretary of the Company, and without additional cost, additional copies of the Notice of Meeting, the Management Information Circular, and the Proxy and/or the VIF.

NOTICE AND ACCESS

In accordance with the Notice and Access rules adopted by the Ontario Securities Commission under NI 54-101, the Company is sending its proxy-related materials (the "Proxy Materials") to shareholders using the Notice and Access method. Therefore, although shareholders will still receive the Proxy and/or VIF in paper copy, the additional Proxy Materials, including this Management Information Circular, the Notice of Meeting, the Annual Report (containing the annual audited consolidated financial statements and related MD&A) will not be physically delivered. Instead, shareholders may access or download the Proxy Materials from the Company's website at www.poet-technologies.com/agm or may also access them from SEDAR at www.sedar.com under the Company's filed documents. The Company believes that this delivery method will expedite the receipt of the Proxy Materials by shareholders, reduce its printing and mailing expenses and reduce the environmental impact of disposing of the Proxy Materials after they are no longer useful.

Registered holders or beneficial owners may request paper copies of the Notice and Management Information Circular booklet be sent to them by postal delivery at no cost to them. Requests may be made up to one year from the date the Proxy Materials are posted on the Company's website. In order to receive a paper copy of the Proxy Materials or if you have questions concerning Notice and Access, please contact the Secretary of the Company, by telephone at 416-862-7330 or by e-mail at agm@poet-technologies.com or call the Company's registrar and transfer agent, TMX Equity Transfer Services Inc. ("TMX Equity") at 1-866-393-4891.

The purpose of the Proxy and/or VIF which were mailed to shareholders is to designate persons who will vote the Proxy on a shareholder's behalf in accordance with the instructions given by the shareholder in the said form.

VOTING PROCESS – REGISTERED SHAREHOLDERS

Appointment of Proxies

The persons named in the Proxy are officers and/or directors of the Company (the "Management Proxyholders"). A registered shareholder can appoint a person other than the Management Proxyholders,

who need not be a shareholder, to represent him or her at the Meeting by inserting such person's name in the blank space provided in the Proxy or by completing another form of proxy.

A registered shareholder appointing a proxyholder may indicate the manner in which the appointed proxyholder can vote with respect to any specific item by checking the space opposite the item on the Proxy. If the shareholder giving the Proxy wishes to confer a discretionary authority with respect to any item of business, then the space opposite the item should be left blank. The Shares represented by the Proxy submitted by a shareholder will be voted or withheld from voting in accordance with the directions, if any, given in the Proxy.

If a shareholder does not specify a choice and the shareholder has appointed one of the Management Proxyholders as proxyholder, the Management Proxyholders will vote in favour of the matters specified in the Notice of Meeting and in favour of all other matters proposed by Management at the Meeting.

Voting Shares by Proxy

Registered shareholders at the close of business on May 27, 2016 may vote their proxies as follows:

Internet voting: Go to the website indicated on the Proxy (<http://www.voteproxyonline.com>) and follow the instructions on the screen. To appoint a proxyholder, other than Management Proxyholders, to represent you at the Meeting, inserting such person's name in the blank space provided on the online Proxy. Then complete your voting instructions and submit the form. The time and date submitted will automatically be recorded.

Voting by mail or fax: Complete the Proxy in a legible manner. To appoint a proxyholder, other than the Management Proxyholders, to represent you at the Meeting, insert such person's name in the blank space provided in the Proxy. Complete your voting instructions by checking the appropriate boxes on the Proxy, date and sign the form. You may either send the completed Proxy to TMX Equity by mail or by fax. Do **not** send by both methods. The address is Suite 300, 200 University Avenue, Toronto, Ontario M5H 4H1 and the fax number is 416-595-9593.

Deadline for Receipt of Proxies

The deadline for receiving duly completed and executed forms of proxy or submitting your proxy by fax or over the internet is 10:00 a.m. (PDT) on July 5, 2016, or no later than 48 hours (excluding Saturdays, Sundays and holidays) before the time of any adjourned or postponed Meeting. A registered shareholder attending the Meeting has the right to vote in person, but he must, before the start of the Meeting, register with the scrutineer of the Meeting. If he had previously submitted a Proxy, he must specifically request that his proxy be nullified with respect to the matters and any subsequent matters thereafter to be voted upon at the Meeting or any adjournment or postponement thereof, thereby permitting him to vote in person. Notwithstanding the foregoing, the Chair of the Meeting has the sole discretion to accept proxies received after such deadline but is under no obligation to do so.

Revocation of Proxies

A proxy submitted pursuant to this solicitation may be revoked in any manner permitted by law and by written notice, signed by the shareholder or by the shareholder's attorney authorized in writing (or, if the shareholder is a corporation, by a duly authorized officer or attorney), and deposited with the Company's transfer agent, TMX Equity, Suite 300, 200 University Avenue, Toronto, Ontario M5H 4H1, at any time up to and including the last business day preceding the date of the Meeting, or any adjournment or postponement thereof, at which the proxy is to be used.

A proxy submitted pursuant to this solicitation may also be revoked prior to the commencement of voting by attending the Meeting in person and registering with the scrutineer as a registered shareholder personally present and requesting to nullify his proxy to allow him to vote in person.

A revocation of proxy does not affect any matter on which a vote has been taken before the revocation.

Exercise of Discretion by Proxies

The persons named in the enclosed Proxy will vote the Shares in respect of which they are appointed in accordance with the direction of the shareholders appointing them. In the absence of such direction, the relevant Shares will be voted in favour of the passing of all the resolutions described below.

The enclosed Proxy confers discretionary authority on the persons named in the Proxy with respect to amendments or variations to matters identified in the Notice of Meeting and with respect to other matters which may properly come before the Meeting. At the time of printing of this Circular, Management knows of no such amendments, variations or other matters to come before the Meeting. However, if amendments or variations to any other matters which are not now known to Management should properly come before the Meeting, the Proxy will be voted on such matters in accordance with the best judgment of the named proxyholder.

VOTING PROCESS – NON-REGISTERED SHAREHOLDERS

Only registered shareholders of the Company or the persons they appoint as their proxyholders are permitted to vote at the Meeting. Many shareholders of the Company are referred to as “non-registered” shareholders (“Non-Registered Shareholders”) because the Shares they own are not registered in their names but are instead registered in the name of the brokerage firm, bank or trust company through which they purchased the Shares. Shares held by brokers or their agents or nominees can only be voted (for or against resolutions) upon the instructions of the Non-Registered Shareholder. Without specific instructions, a broker and its agents and nominees are prohibited from voting Shares for their clients. Therefore, Non-Registered Shareholders should ensure that instructions respecting the voting of their Shares are communicated to the appropriate person or that the Shares are duly registered in their name.

Applicable regulatory policy requires intermediaries/brokers to seek voting instructions from Non-Registered Shareholders in advance of shareholders’ meetings. Every intermediary/broker has its own mailing procedures and provides its own forms and voting instructions to clients, which should be carefully followed by Non-Registered Shareholders in order to ensure that their Shares are voted at the Meeting. Shares beneficially owned by a Non-Registered Shareholder are registered either:

- i) in the name of an intermediary (“Intermediary”) that the Non-Registered Shareholder deals with in respect of the Shares of the Company (Intermediaries include, amongst others, banks, trust companies, securities dealers or brokers, and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans); or
- ii) in the name of a clearing agency (such as CDS Clearing and Depository Services Inc. in Canada or The Depository Trust & Clearing Corporation in the United States) of which the Intermediary is a participant.

Unless you have previously informed your Intermediary/broker that you do not wish to receive material relating to the Meeting, you should have received a Proxy or a VIF. In either case you have the right to exercise voting rights attached to the Company’s Shares beneficially owned by you, including the right to attend and vote the Shares directly at the Meeting, assuming that you follow the instructions contained in the said Proxy or VIF.

The documents that you receive and from whom you receive them will vary depending upon whether you are a “non-objecting beneficial owner” (“NOBO”) residing in Canada, which means you have provided instructions to your Intermediary that you do not object to the disclosure of the beneficial ownership information about you to the Company, or an “objecting beneficial owner” (“OBO”) residing in Canada, which means that you have objected to the disclosure of such beneficial ownership information about you to the Company, or a non-registered shareholder residing outside of Canada (the “Other Non-Registered Shareholders”).

NOBO Shareholders

TMX Equity is handling the mailing to NOBO’s in addition to mailing to the Registered Shareholders. All NOBO Shareholders of the Company will receive a VIF from TMX Equity.

If you are a NOBO shareholder of the Company, and TMX Equity has sent a VIF directly to you, your name and address and information about your holdings of Shares of the Company have been obtained in

accordance with applicable securities regulatory requirements from the intermediary/broker holding Shares on your behalf. By choosing to send the VIF to you directly, the Company has assumed responsibility for (i) delivering the VIF to you, and (ii) executing your proper voting instructions.

Therefore a NOBO Shareholder of the Company can vote the Shares represented by his VIF in a similar manner as registered shareholders. The process to vote a VIF or to appoint a proxyholder are the same as that described under “*Voting Process – Registered Shareholders*”, except that:

- the form received by him is a VIF instead of a Proxy; and
- a NOBO shareholder cannot attend the Meeting to vote in person unless, at least 48 hours (excluding Saturdays, Sundays and holidays) before the Meeting, he appoints himself as a proxyholder according to the instructions provided on the VIF and registers with the scrutineer upon arriving at the Meeting.

OBO Shareholders

In accordance with applicable securities law requirements, the Company will upon request distribute copies of the Proxy Materials to the clearing agencies and intermediaries for distribution to OBO Shareholders and to the Other Non-Registered Shareholders. Intermediaries are required to forward the Proxy Materials to Non-Registered Shareholders unless a Non-Registered Shareholder has waived the right to receive them. Intermediaries often use service companies to forward the Proxy Materials to Non-Registered Shareholders. Generally, Non-Registered Shareholders who have not waived the right to receive Proxy Materials will either:

- i) be given a VIF which is not signed by the Intermediary and which, when properly completed and signed by the Non-Registered Shareholder and returned to the Intermediary or its service company, will constitute voting instructions which the Intermediary must follow. Typically, this VIF will consist of a one page pre-printed form; or
- ii) be given a Proxy which has already been signed by the Intermediary (typically by a facsimile, stamped signature), which is restricted as to the number of Shares beneficially owned by the OBO shareholder but which is otherwise not completed by the Intermediary. Because the Intermediary has already signed the Proxy, the signature of the OBO shareholder is not required when submitting the Proxy.

In either case, the purpose of these procedures is to permit Non-Registered Shareholders to direct the voting of the Shares of the Company that they beneficially own. Since only registered shareholders and their proxyholders may attend and vote at the Meeting, if a Non-Registered Shareholder attends the Meeting, the Company will have no record of the Non-Registered Shareholder’s shareholding or of his/her or its entitlement to vote unless the Non-Registered Shareholder’s nominee has appointed the Non-Registered Shareholder as proxyholder. Therefore, a Non-Registered Shareholder who receives one of the above forms and wishes to vote at the Meeting in person (or have another person attend and vote on behalf of the Non-Registered Shareholder), the Non-Registered Shareholder should insert the Non-Registered Shareholder’s name or such other person’s name in the blank space provided, and depending on the design of the VIF, may need to strike out the names of the Management Proxyholders listed therein. The voting instructions given to the Non-Registered Shareholder, may provide for voting by telephone, on the Internet, by mail or by fax. In either case, Non-Registered Shareholders should carefully follow the instructions of their Intermediary, including those regarding when and where the Proxy or VIF is to be delivered.

A Non-Registered Shareholder, who has submitted a Proxy, may revoke it by contacting the Intermediary through which the Non-Registered Shareholder’s Shares are held and following the instructions of the Intermediary respecting the revocation of proxies. This procedure should be initiated sufficiently in advance of the Meeting to ensure there is sufficient time to implement your instructions.

In all cases it is important that the Proxy or VIF be received by the Intermediary or its agent sufficiently in advance of the deadline set forth in the Notice of Meeting to enable the Intermediary or its agent to provide voting instructions on your behalf before the deadline.

Failing to follow the proper voting instructions described in the VIF may invalidate your vote and/or not allow you attend and vote in person at the Meeting.

VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

The Company is authorized to issue unlimited Shares without par value, of which 217,758,337 shares are issued and outstanding as at May 24, 2016. In accordance with the provisions of the *Business Corporations Act* (Ontario), the Company has prepared a list of shareholders on the Record Date. Each shareholder is entitled to one vote for each share held in respect to each matter to be voted at the Meeting. Only shareholders of record on the Record Date are entitled to vote at the Meeting.

To the knowledge of the directors and officers of the Company, no person beneficially owns, directly or indirectly, or controls or directs shares carrying 10% or more of the voting rights attached to all shares of the Company.

If there are more nominees for election as directors than there are vacancies to fill, those nominees receiving the greatest number of votes will be elected or appointed, as the case may be, until all such vacancies have been filled. If the number of nominees for election or appointment is equal to the number of vacancies to be filled, all such nominees will be declared elected or appointed by acclamation.

The Board has adopted a policy for majority voting for individual directors ("Majority Voting Policy"). Under the Majority Voting Policy, the Proxy for any shareholders meeting where directors are to be elected will enable each shareholder to vote for, or withhold from voting on, each director nominee (the "Nominee" or collectively the "Nominees") separately. If votes "for" the election of a Nominee are fewer than the number voted "withheld", the Nominee is expected to submit his or her resignation promptly after the meeting of shareholders for the consideration of the Corporate Governance and Nomination Committee (the "CGN Committee"). The CGN Committee will make a recommendation to the Board after reviewing the matter, and the Board will then decide whether to accept or reject the resignation. The Board's decision to accept or reject the resignation will be disclosed to shareholders. The Nominee will not participate in any CGN Committee or Board deliberations as to whether to accept or reject the resignation. The Majority Voting Policy does not apply in circumstances involving contested director elections.

EXECUTIVE COMPENSATION

A) Compensation Discussion and Analysis

The purpose of this Compensation Discussion and Analysis ("CD&A") is to provide information about the Company's executive compensation objectives and processes and to discuss compensation decisions relating to the Company's senior officers in 2015.

DESCRIPTION AND EXPLANATION OF ELEMENTS OF COMPENSATION PROGRAM

- (i) The objectives of the Company's executive compensation program are:
 - to attract, retain and motivate quality executives;
 - to align the interests of executives with those of the Company's shareholders;
 - to provide total compensation to executives that is competitive with that paid by other companies of comparable size engaged in similar business in appropriate regions;
 - to evaluate executive performance on the basis of targets determined by the Board;
 - to be cognizant of expense management in determination of compensation rewards.
- (ii) The executive compensation program has been designed to reward executives for:
 - the reinforcement of the Company's business objectives and values;
 - the attainment of key research and financial milestones dependant on the executive; and their individual performance and significant achievements.
- (iii) The executive compensation program consists of the following elements: base salary, variable pay compensation and stock option incentives.

- (iv) In addition to his or her fixed base salary, each officer may be eligible to receive variable pay compensation or bonus meant to motivate him or her to achieve short-term goals. Currently, the Company does not have in place established procedures for determining variable pay compensation. Stock options are a very important element of the variable pay compensation and do not require cash disbursement from the Company. Stock options are also generally awarded to officers and consultants at the time of hire and are used as a recruitment tool to attract highly qualified and experienced executives and consultants to the Company. Stock options are also granted at other times during the year. As the Company is still continuing to develop its POET Technology, it must conserve its limited financial resources and control costs to ensure that funds are available when needed to complete its scheduled developments. As a result, the Board has to consider not only the financial situation of the Company at the time of the determination of the compensation, but also the estimated financial situation in the mid and long term. Also the granting of stock options aligns officers' rewards with an increase in shareholder value over the long term. The use of stock options encourages and rewards performance by aligning an increase in each officer's compensation with increases in the Company's performance and in the value of the shareholders' investments.
- (v) Determination of the Amount of Each Compensation Program Element - In order to assist the Board in fulfilling its oversight responsibilities with respect to human resources matters, the Board established a Compensation Committee. The Compensation Committee reviews and makes determinations with respect to senior officer compensation on a regular basis with any discretionary compensation used only for extraordinary projects or significant milestone results that advance the Company's growth potential. When determining officer's compensation, the Compensation Committee receives input from the Chairmen of the Board, and the Chief Executive Officer of the Company. The Compensation Committee has engaged Compensia to conduct a Peer Group review that was prepared with the input of the CEO. A draft Peer Group was circulated and the CEO felt it was appropriate. Compensia has given guidance to the Compensation Committee with respect to appropriate comparative terms for its incentive stock option plan and a salary review of various positions relative to the Peer Group. The Compensation Committee will utilize the comparative reviews to assist in making appropriate recommendations.

Base Salary - The base salary for officers, is reviewed by the Compensation Committee of the Board, within a reasonable time prior to the expiry of the current employment or consulting agreement, with input and direction being provided by the Chairmen of the Board, and the Chief Executive Officer of the Company. The base salary review takes into consideration the current competitive market conditions, experience, proven and/or expected performance, and the particular skills of the officer.

For more information on salaries paid to the executives, refer to the Summary Compensation Table.

Variable Pay Compensation – The Company has no current procedure to assess each officer's role in adding to the Company's growth. However, there are occasions when there can be significant officer achievements that further the business potential of the Company or create vital successes to the Company. Therefore, there are times when a discretionary variable pay award may be made to an officer. This type of payment is done after presenting the achievement to the Compensation Committee. If deemed important to the success of POET's business, the Committee can approve such an ad hoc variable payment. Stock Options are a non-cash component of the Variable Pay Compensation and are discussed below.

Stock Options - The Board, based on recommendations of the Compensation Committee where appropriate, makes the following determinations:

- it selects officers and other persons who are entitled to participate in the Stock Option Plan;
- it determines the number of options granted to such individuals;
- it determines the date on which each option is granted and the corresponding exercise price; and

- it determines the vesting schedule for the stock options granted.

The Board makes these determinations subject to the provisions of the existing Stock Option Plan. For more information refer to the section entitled “*B) Option-Based Awards*”.

- (vi) Each element of the compensation program has been designed to meet one or more objectives of the overall executive compensation plan. The fixed base salary of each officer, combined with the variable pay compensation and stock options, has been designed to provide the total compensation package which the Board believes is reasonably competitive with that provided by other companies in the peer group and others of comparable size engaged in similar business in appropriate regions. In addition, the variable pay compensation has been designed to align the interests of executives with those of the Company’s shareholders and to evaluate financial performance on basis of relevant technical or financial milestones. Option grants are designed to align executives’ and shareholders’ interests and to provide longer term compensation incentives.

REVIEW AND APPROVAL

The Compensation Committee of the Board is responsible for making recommendations for approval by the Board with respect to remuneration of executives of the Company including the Chief Executive Officer of the Company and senior officers of the Company. All executive compensation components are reviewed by the Compensation Committee as needed and its recommendations are subject to approval of the Board, as appropriate.

B) Option-Based Awards

The Company’s stock option plan has been and will be used to provide share purchase options which are granted in consideration of the level of responsibility of the executive as well as his or her impact or contribution to the longer-term operating performance of the Company. In determining the number of options to be granted to the executive officers, the Compensation Committee and the Board take into account the number of options, if any, previously granted to each executive officer, and the exercise price of any outstanding options. With these guidelines, the Board ensures that such new grants are in accordance with the policies of the TSX Venture Exchange (“TSXV”), and closely align the interests of the executive officers with the interests of shareholders.

The exercise of options by an Optionee, who is an officer, employee or director of the Company, will generally create an immediate tax liability to the Optionee as follows:

- If the said Optionee resides in Canada, he will be deemed, whether or not the shares were sold, to have received an employment income equal to the value of the option exercised and will be required to pay the Company, in addition to the cost of exercise, an amount equal to the tax liability of the deemed employment income, in order for the Company to remit withholding taxes to Canada Revenue Agency following the exercise. Subsequent capital gains or losses will be calculated based on the market price on the day of exercise, but capital losses cannot offset the deemed employment income.
- If the said Optionee resides in the USA, he will be required, for the tax year of the exercise, to pay income tax on the value of the option exercised, equal to the amount of short-term or long-term Capital Gain tax rates when the shares are sold, or if applicable, according to Alternative Minimum Tax rates. Depending on the circumstances, the Company may be required to collect from the said Optionee, a withholding tax in order for the Company to remit to the IRS following the exercise.

Optionees can exercise their options at any time at their discretion, and, except for times when the officers, directors and employees are prohibited from trading under the corporate governance policies of the Company (when the “Trading Window” is closed), are also free to sell their shares acquired through exercising their options at any time at their discretion, subject to notification to Management. Options exercised while the Trading Window is closed can only be sold after the Trading Window reopens. The Company has entered into an agreement with Solium Capital Inc. to provide a broker assisted exercise program for Optionees under the Company’s Stock Option Plan.

1) This amount is calculated based on the difference between the market value of the shares underlying the vested and unvested options at the end of the most recently completed financial year, being CA\$1.01 (US\$0.7209), and the exercise or base price of the option. The exchange rate used in these calculations to convert CAD to USD was 0.7209, being the rate on December 31, 2015

(ii) *Outstanding Share-Based Awards and option-Based Awards – Value Vested or Earned During the Year*

The value vested or earned during the most recently completed financial year of incentive plan awards granted to Named Executive Officers are as follows:

NEO Name	Option-Based Awards - Value Vested During The Year⁽¹⁾ (US\$)	Share-Based Awards - Value Vested During The Year⁽²⁾ (US\$)	Non-Equity Incentive Plan Compensation - Value Earned During The Year (US\$)
Peter Copetti	60,540	N/A	Nil

Daniel DeSimone	18,885	N/A	Nil
Dr. Suresh Venkatesan	Nil	N/A	Nil
Dr. Subhash Deshmukh	Nil	N/A	Nil

(1) This amount is the dollar value that would have been realized computed by obtaining the difference between the market price of the underlying securities on the vesting date and the exercise or base price of the options under the option-based award. For the NEOs to have realized this value, they would have had to exercise their options and sell the shares on the day of vesting. The exchange rate used in these calculations to convert CAD to USD was 0.7209, being the rate on December 31, 2015.

(2) This amount is the dollar value realized computed by multiplying the number of shares or units by the market value of the underlying shares on the vesting date.

(iii) *Narrative Discussion*

The current stock option plan of the Company is the 2015 Fixed Stock Option Plan (the "2015 Plan") which was approved by the disinterested shareholders of the Company on June 12, 2015 and accepted for filing by the TSXV). Under the 2015 Plan, the Company is required to reserve a number of shares eligible for granting under the Plan, which needs to be approved by shareholders and cannot exceed 20% of the issued and outstanding shares. The 2015 Plan reserved 36,326,000 shares as the maximum number (the "Fixed Number") of common shares which may be issued pursuant to options granted under the 2015 Plan and previous plans.

On November 10, 2015, the directors resolved to increase the Fixed Number of shares reserved for issuance under the Company's Stock Option Plan to such number equal to 20% of the issued and outstanding shares of the Company on the day prior to the Meeting, subject to shareholder and TSXV approval. For more information refer to the section entitled "*Approval of Stock Option Plan*".

The purpose of the Plan is to allow the Company to grant options to directors, officers, employees and consultants, as additional compensation, and as an opportunity to participate in the success of the Company. The granting of such options is intended to align the interests of such persons with that of the shareholders. Options are exercisable over periods of up to ten (10) years as determined by the Board and are required to have an exercise price no less than the closing market price of the Company's shares prevailing on the last trading day before the option is granted less a discount of up to 25%, the amount of the discount varying with market price in accordance with the policies of the TSXV. Generally, the Company does not grant options at a discount to the market price. Pursuant to the Plan, the Board may from time to time authorize the issue of options to directors, officers, employees and consultants of the Company and its subsidiaries or employees of companies providing management or consulting services to the Company or its subsidiaries. In addition, as a percentage of the issued and outstanding shares at the time of grant, the number of shares which may be reserved for issuance:

- (a) to all optionees under the Stock Option Plan in aggregate shall not exceed 20%;
- (b) to all insiders as a group may not exceed 20%; and

- (c) to any one individual may not exceed 2% on a yearly basis if the optionee is engaged in investor relations activities or is a consultant.

Previously, options granted under the Plan generally vested as to 25% six months from the day of grant and 25% every six months thereafter. By resolution of the Directors dated February 25, 2016, it was resolved that, generally, the terms of stock options would be ten years with 25% of the stock options vesting on the first anniversary of the grant of the options and the balance vesting quarterly for three years thereafter. However, the Board can vary the vesting schedule for differing purposes, subject to complying with TSXV Policies.

The Plan provides that if a change of control, as defined therein, occurs, all shares subject to option shall immediately become vested and may thereupon be exercised in whole or in part by the option holder. The exercise price for options is generally set at the closing price of the common shares of the Company as of the last trading day prior to the date of the grant of the options, in accordance with TSXV Policies.

As at December 31, 2015, the number of outstanding options granted under the Stock Option Plan was 26,718,500. For more information, refer to Note 9 “*Stock Option and Contributed Surplus*” in the Company’s audited financial statements for the year ended December 31, 2015. The criteria for determining awards to the NEOs is described under the “*Stock Options*” subsection of “*Description and Explanation of Elements of Compensation*”. As of May 24, 2016, the number of outstanding options granted under the Stock Option Plan was 25,680,500.

The Company’s Non-Equity Incentive Plan for compensation to the NEOs along with the criteria for determining awards is described under the “*Variable Pay Compensation*” subsection of “*Description and Explanation of Elements of Compensation*”.

(1) This amount is calculated based on the difference between the market value of the securities underlying the options at the end of the most recently completed financial year, which was CA\$1.01 (US\$0.7209), and the exercise or base price of the option.

(2) The exchange rate used in these calculations to convert CAD to USD was 0.7209, being the rate on December 31, 2015.

(3) Geoff Taylor resigned as a director of the Company on August 12, 2015.

(iv) Incentive Plan Awards - Value Vested or Earned During the Year

The value vested or earned during the most recently completed financial year of incentive plan awards granted to directors who are not Named Executive Officers are as follows:

Director Name	Option-Based Awards - Value Vested During The Year ⁽¹⁾ (US\$)	Share-Based Awards - Value Vested During The Year (US\$)	Non-Equity Incentive Plan Compensation - Value Earned During The Year (US\$)
Sheldon Inwentash	10,935	N/A	N/A

<i>Director Name</i>	<i>Option-Based Awards - Value Vested During The Year⁽¹⁾ (US\$)</i>	<i>Share-Based Awards - Value Vested During The Year (US\$)</i>	<i>Non-Equity Incentive Plan Compensation - Value Earned During The Year (US\$)</i>
John F. O'Donnell	53,979	N/A	N/A
Chris Tsiofas	53,979	N/A	N/A
Geoff Taylor	64,914	N/A	N/A

(1) This amount is the dollar value that would have been realized computed by obtaining the difference between the market price of the underlying securities on the vesting date and the exercise or base price of the options under the option-based award. For the directors to have realized this value, they would have had to exercise their options and sell the shares on the day of vesting. None of these options were exercised.

(2) The exchange rate used in these calculations to convert CAD to USD was the exchange rate applicable on the vesting date.

H) Securities Authorized for Issuance Under Equity Compensation Plans

No management functions of the Company or its subsidiaries are performed to any substantial degree by a person other than the directors or executive officers of the Company or its subsidiaries.

CORPORATE GOVERNANCE DISCLOSURE

A summary of the responsibilities and activities and the membership of each of the Committees is set out below.

National Instrument ("NI") 58-201 establishes corporate governance guidelines which apply to all public companies. The Company has reviewed its own corporate governance practices in light of these guidelines. In certain cases, the Company's practices comply with the guidelines, however, the Board considers that some of the guidelines are not suitable for the Company at its current stage of development and therefore these guidelines have not been adopted. NI 58-101 mandates disclosure of corporate governance practices which disclosure is set out below.

Independence of Members of Board

Since the resignation of Peter Copetti on August 30, 2016, the Company's current Board consists of 7 directors, four (4) of whom are independent based upon the tests for independence set forth in NI 52-110. Todd DeBonis, David Lazovsky, Mohandas Warrior and Chris Tsiofas are the independent directors. Ajit Manocha is not independent as he is the Executive Chairman of the Company. John O'Donnell is not independent as he acts as legal counsel to the Company. Dr. Suresh Venkatesan is not independent as he is the Chief Executive Officer of the Company.

Management Supervision by Board

During most of 2015, independent supervision of Management was accomplished through its independent Board members, notwithstanding that the Co-Chairmen of the Board were not independent. In 2015, three new independent directors were appointed to the Board to fill Board vacancies. The Board considered that Management was effectively supervised by the independent directors as the independent directors were actively and regularly involved in reviewing and supervising the operations of the Company and had regular and full access to Management. The CEO and CFO reported upon the operations of the Company separately to the independent directors of the Board at such other times throughout the year as was considered necessary or advisable by the independent directors. The independent directors were encouraged to meet at any time they consider necessary without any members of Management including the non-independent directors being present, and generally did so several times per year by adjourning

Board meetings and asking all persons who were not independent directors to leave the room. The Company's auditors, legal counsel and employees may have been invited to attend. Further supervision was performed through the Audit Committee currently composed of all independent directors, who meet with the Company's auditors without Management being in attendance, generally on a quarterly basis and at least once a year. Additional supervision was performed through the Compensation Committee and the Corporate Governance and Nominating Committee (the "CGNC"), both of which were composed of a majority of independent directors. The CGNC has determined that the current constitution of the Board of seven (7) directors is appropriate for the Company's current stage of development. The Board currently has a majority of independent directors.

Participation of Directors in Other Reporting Issuers

No director of the Company, nor any proposed nominee for election as a director, hold directorships in other reporting issuers, except for John F. O'Donnell who is a director and Chairman of the Board of Montana Gold Mining Company (CSE: MGM) and Todd DeBonis who is a director and President and CEO of Pixelworks, Inc. (NASDAQ: PXLW).

Orientation and Continuing Education

While the Company does not have formal orientation and training programs, new Board members are provided with:

1. information respecting the functioning of the Board, committees and copies of the Company's corporate governance policies;
2. access to recent, publicly filed documents of the Company, technical reports and the Company's internal financial information;
3. access to Management and technical experts and consultants; and
4. advice to consult on the internet the TSXV Policy relating to Corporate Governance and applicable regulations and policies and also the applicable securities laws, rules and regulations.

Board members are encouraged to communicate with Management, auditors and technical consultants; to keep themselves current with industry trends and developments and changes in legislation with Management's assistance; and to attend related industry seminars and visit the Company's operations. Board members have full access to the Company's records.

Ethical Business Conduct

The Board views good corporate governance as an integral component to the success of the Company and to meet responsibilities to shareholders. The Board has adopted a Code of Conduct which was updated on February 25, 2016 and has instructed its Management and employees to abide by the provisions of the Code. A copy of said code is posted on the Company's website <www.poet-technologies.com>.

The directors of the Corporation are responsible for monitoring compliance with this Code, for regularly assessing its adequacy, for interpreting this Code in any particular situation and for approving any changes to this Code from time to time.

Investor Relations Disclosure Policy

The Board has established a Company Disclosure Policy related to disclosure and external communications, which applies to all officers, directors and employees of the Company. The purpose of the Policy is to ensure compliance with legal and regulatory requirements, when preparing public disclosure documents, answering investor inquiries and/or attending conferences or meetings with its analysts and institutional shareholders. This policy covers disclosures in documents filed with the securities regulators and written statements made in POET's annual and quarterly reports, news releases, letters to shareholders, presentations (both of a business or technical nature), marketing materials, advertisements, and information contained on POET's website and other electronic communications. It also extends to oral statements made in meetings and telephone conversations with

analysts and investors, interviews with the media as well as speeches, press conferences, and conference calls.

Trading by Insiders

Insiders of the Company are expected to comply with all applicable Regulatory Laws, Rules and Regulations with respect to buying and selling shares of the Company. In addition, the Company has well-defined criteria for when the Trading Window for officers and directors opens and closes as per the Company's Securities Trading Policy posted on its website <www.poet-technologies.com>, the purpose of which is to ensure that Insiders do not trade shares of the Company at inappropriate times. Insiders are expected to abstain from trading the shares of the Company when the Trading Window is closed.

Nomination of Directors

The Board established a Corporate Governance and Nominating Committee (the "CGNC") currently composed of John O'Donnell (Chairman of the CGNC), Ajit Manocha and Chris Tsiofas. The CGNC has the responsibility for identifying potential Board candidates. The CGNC assesses potential Board candidates to fill perceived needs on the Board for required skills, expertise, independence and other factors. Members of the Board and representatives of the semi-conductor and infrared industries are consulted for possible candidates. The Board has adopted a written charter that sets forth the responsibilities of the CGNC. In addition to its Board identification responsibilities, the CGNC is mandated to take a leadership role in shaping corporate governance by overseeing and assessing the functioning of the Board and the committees of the Board and developing, implementing and assessing effective corporate governance processes and practices. The Charter was recently amended and a copy is posted on the Company's website <www.poet-technologies.com>.

Compensation of Directors and the CEO

On December 14, 2007, the Company established a Compensation Committee (the "CC") to be responsible for reviewing all overall compensation strategy, objectives and policies; annually reviewing and assessing the performance of the executive officers; recommending to the Board the compensation of the executive officers; reviewing executive appointments; and recommending the adequacy and form of directors' compensation. The CC also reviews and recommends incentive stock option awards under the Company's Stock Option Plan. The current members of the CC are Chris Tsiofas (Chairman of the CC), Todd DeBonis, Ajit Manocha and John O'Donnell. Mr. Manocha joined the CC on February 25, 2016.

The CC discusses and makes recommendations to the Board for approval or disapproval of all compensation issues that pertain to the Company. The compensation programs of the Company are designed to reward performance and to be competitive with the compensation agreements of other comparable semiconductor companies. The CC is responsible for evaluating the compensation of the senior Management and assuring that they are compensated effectively in a manner consistent with the Company's business, stage of development, financial condition and prospects, and the competitive environment. Specifically, the CC is responsible for: (i) reviewing the compensation practices and policies of the Company to ensure that they are competitive and that they provide appropriate motivation for corporate performance and increased shareholder value; (ii) overseeing the administration of the Company's compensation programs, and reviewing and approving the employees who receive compensation and the nature of the compensation provided under such programs, and ensuring that all Management compensation programs are linked to meaningful and measurable performance targets; (iii) making recommendations to the Board regarding the adoption, amendment or termination of compensation programs and the approval of the adoption, amendment and termination of compensation programs of the Company, including for greater certainty, ensuring that if any equity-based compensation plan is subject to shareholder approval, and that such approval is sought; (iv) periodically surveying the executive compensation practices of other comparable companies; (v) establishing and ensuring the satisfaction of performance goals for performance-based compensation; (vi) annually reviewing and approving the annual base salary and bonus targets for the senior executives of the Company, other than the CEO; (vii) reviewing and approving annual corporate goals and objectives for the CEO and evaluating the CEO's performance against such goals and objectives; (viii) annually reviewing and approving, based

on the CC's evaluation of the CEO, the CEO's annual base salary, the CEO's bonus, and any stock option grants and other awards to the CEO under the Company's compensation programs (in determining the CEO's compensation, the CC will consider the Company's performance and relative shareholder return, the compensation of CEOs at other companies, and the CEO's compensation in past years); and (ix) review the annual report on executive compensation required to be prepared under applicable corporate and securities legislation and regulation including the disclosure concerning members of the CC and settling the reports required to be made by the CC in any document required to be filed with a regulatory authority and/or distributed to shareholders.

The Compensation Committee has engaged Compensia to conduct a Peer Group review that was prepared with the input of the CEO. A draft Peer Group was circulated and the CEO felt it was appropriate. Compensia has given guidance to the Compensation Committee with respect to appropriate comparative terms for its incentive stock option plan and a comparative salary review of various positions relative to the Peer Group. The Compensation Committee will utilize the comparative reviews to assist in making appropriate recommendations.

Board Committees

In addition to its responsibility for nominating directors, the CGNC also has the responsibility for monitoring corporate governance compliance and setting corporate governance policy.

The Company also has a Disclosure Committee who meet periodically, as needed, to review the Company's material news disclosure prior to dissemination. The current members of the Disclosure Committee are Suresh Venkatesan, John O'Donnell and Chris Tsiofas by reason of their positions as CEO, Chairman of the CGNC and Chairman of the Audit Committee respectively. On February 25, 2016, the Directors, on the advice of the CGNC resolved that the CGNC be authorized as it may determine, on a case by case basis, to add a supplemental member to the Committee as a subject matter expert, depending on the nature of the disclosure, to ensure the appropriateness of the disclosure.

As the directors are actively involved in the operations of the Company, the Board has determined that additional committees, other than the AC, the CGNC and the CC, are not necessary at this stage of the Company's development.

Assessments

The Board annually, at such times as it deemed appropriate, reviewed the performance and effectiveness of the Board, the directors and its committees to determine whether changes in size, personnel or responsibilities are warranted. To assist in its review, the Board conducted informal surveys of its directors, received reports from the CGNC on its assessment of the functioning of the Board and reports from each committee respecting its own effectiveness.

The AC is to assist the Board in fulfilling its fiduciary responsibilities as to accounting policies and reporting practices of the Company and all subsidiaries, and the sufficiency of auditing relative thereto. The AC is the Board's principal agent in assuring the independence of the Company's independent auditors, the integrity of financial management, and the adequacy of financial disclosures to shareholders. However, the opportunity for the independent auditors to meet with individual directors or the entire Board, as needed, is not to be restricted.

The Company's independent (external) auditors are ultimately accountable to the AC and the Board. The AC and the Board have the ultimate authority and responsibility to select, evaluate, and nominate the independent (external) auditor to be proposed for any shareholder approval; and where appropriate, to replace the Company's independent (external) auditors.

4. Meetings

- g) Evaluate the cooperation received by the independent (external) auditors during their audit examination, including their access to all requested records, data and information, and also inquire of the independent (external) auditors whether there have been any disagreements with the Company's Management Team, which if not satisfactorily resolved would have caused the independent auditors to issue a non-standard report on the Company's financial statements. Elicit the comments of the Management Team regarding the responsiveness of the independent auditors to the Company's needs.
- h) Recommend to the Board whether, based on the reviews and discussions referred to above, the annual financial statements and any related MD&A should be included in the Company's Annual Report filed on SEDAR, distributed to shareholders and otherwise released.
